

BUSINESS MATCHING

Content

"With the theme "Collaborating for Prosperity", we aim to share and promote networking activities between businesses, economic sectors and supply chains. In particular, choosing an investment location is always the first and decisive step for each business.

We sincerely hope that the industrial park projects that Vietcombank is cooperating and sponsoring introduced below will bring useful information and opportunities to FDI investors. At the same time, Vietcombank is committed to maintaining Business Matching activities as part of the business activities – in order to connect, accompany and create sustainable value for the FDI business community."
